

06. MDR-TB: trials, cohorts and predictors
Friday, 04 December 2015, 13:30-15:00

Chair(s): Edward NARDELL (USA), Sharonnan LYNCH (USA)

Track: Drug-resistant TB care and treatment, including trials

- OA-340-04** **Bedaquiline prevents acquired resistance to second-line drugs**
13:30-13:40 N Lounis, A Diacon, A Pym, B Van Baelen, R Van Heeswijk, M Haxaire-Theeuwes, B Dannemann, K Andries (*Belgium, South Africa, USA*)
- OA-341-04** **Efflux-pump-mediated acquired resistance to bedaquiline in a clinical trial**
13:40-13:50 K Andries, N Coeck, C Villellas, B Van Baelen, N Lounis, L Rigouts, B Dannemann, P Alexander (*Belgium, USA, South Africa*)
- OA-342-04** **Comparison of 2- and 6-month culture conversion as early predictors of multidrug-resistant TB treatment success: multicenter study of MSF programs**
13:50-14:00 M Bastard, E Sanchez, H Khamraev Atadjan, Z Tigay, A Hayrapetyan, M Kamene Kimenya Mariita, S Khurkhumal, T Dlamini, F Varaine, M Bonnet (*France, Uzbekistan, Kenya, Russian Federation, Swaziland*)
- OA-343-04** **First results with a 9-month regimen for multidrug-resistant tuberculosis (MDR-TB) in French-speaking Africa** CANCELLED
- OA-344-04** **Subgroup analysis of patients receiving bedaquiline as part of a multidrug-resistant tuberculosis treatment regimen**
14:00-14:10 A Pym, A Diacon, F Conradie, S Tang, B Van Baelen, N Lounis, M Haxaire-Theeuwes, B Dannemann (*South Africa, Belgium, USA*)
- OA-345-04** **Twelve-month outcomes of patients initiating drug-resistant tuberculosis treatment at a decentralized outpatient clinic in Johannesburg, South Africa**
14:10-14:20 K Hirasen, R Berhanu, D Evans, K Schnippel, L Long, S Rosen, I Sanne (*South Africa, USA*)
- OA-346-04** **Mortality during XDR-TB treatment in South Africa, 2007-2009: a retrospective cohort analysis**
14:20-14:30 N Ndjeka, Ss Dlamini, N Bantubani, K Schnippel (*South Africa*)
- OA-347-04** **Mortality among patients treated for multidrug-resistant tuberculosis in nine countries, 2005-2010**
14:30-14:40 H Kirking, M Yagui Moscoso, M Van Der Walt, T Tupasi, O Demikhova, T Dalton, E Kurbatova, The Global Petts Investigators (*USA, Peru, South Africa, Philippines, Russian Federation*)
- 14:40-15:00 Discussion
